Oxford University Press. Paperback. Book Condition: new. BRAND NEW, The Elements of Law Natural and Politic: With Three Lives: Part 1: Human Nature: Part 2: De Corpore Politico, Thomas Hobbes, J. C. A. Gaskin, 'the state of men without civil society (which state we may properly call the state of nature) is nothing else but a mere war of all against all.' Thomas Hobbes was the first great philosopher to write in English. His account of the human condition, first developed in *The Elements of Law* (1640), which comprises *Human Nature* and *De Corpore Politico*, is a direct product of the intellectual and political strife of the seventeenth century. It is also a remarkably penetrating look at human nature, and a permanently relevant analysis of the fears of self-seeking that result in the war of 'each against every man'. In *The Elements of Law* Hobbes memorably sets out both the main lines of his general philosophy, later augmented in *De Corpore* (1655), and the moral and political philosophy later made famous in *Leviathan* (1651). Copies of *Human Nature* and *De Corpore Politico*, until 1889 printed as separate works, are rare antiques or scarcely less rare scholarly texts; this is the first complete popular edition. It is here supplemented by chapters from *De Corpore* and *Three Lives*, two from Hobbes's original Latin. These have never before been published together in English. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.
