Executive summary When eBay a small online auction company based in San Jose. California. to seek venture capital risk investors have it in an informal evaluation before considering investing: whether there is a greater possibility allows investors' money in three years. an increase of 10 times is very beneficial to eBay is that it showed the information to reflect the development of the situation - good revenue and profit momentum. But generally speaking it also is not too impressive. And the growth potential of their business - it is just an online flea market - has not yet been confirmed. I am afraid for the best. then it says is that it is a good company. Accent falls on the word small. Ultimately support eBay Ventures indicators (Benchmark Capital). Itself opened only two years. The 1997 Benchmark invested \$ 6.7 million to the eBay auction company valued at \$ 20 million. eBay continue to grow. grow and eventually listed. September 1998 in the first publicly traded in the future. Market value of \$ 2.000.000.000. Benchmark the original \$ 6.7 million of chips is now worth 400 million. More than three months after its share price has gone up one thousand three hundred percent. In the spring of the following year the value of the company's...
