Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 254 x 203 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The Bacon Coloring Book: You know you love it, but can you color it? This is the ultimate coloring book for the bacon fan. (Be sure to check out our Bacon Lover s Journals too.) It starts out easy with one piece of bacon, but gets harder as you color your way through the book. 16 different pictures to color. Visit our Facebook page S M Coloring and Shading Books for examples, ideas, techniques and more. A different type of coloring book, S M Coloring and Shading Books can be as challenging or as simple to color as you wish. The pictures are sketch-like and intentionally printed lighter, so that you can color over the gray. For a more challenging experience, use the gray shading in the picture as a guide to work on shading techniques. We like to color over or outline the darker areas with one or a few shades of a color, then color the lighter areas with a contrasting or lighter shade. For a simple coloring experience just color the picture, the gray may show through depending on what you are coloring with and your technique, this will give some depth to the picture. You can always outline in black if you prefer that look. Really love bacon? Don t miss our Bacon Lover s Journal to keep track of all the different brands of bacon you try.
