Check with the seller before completing your purchase. Principles of Pediatric Nursing: Caring for Children is intended for use in pediatric nursing courses in associate and baccalaureate degree programs. It may also be helpful for practicing nurses working on hospital units and in health centers. This package includes MyNursingLab(r) Written to prepare today s student for excellence in nursing, Principles of Pediatric Nursing presents a foundation of core pediatric nursing principles with an emphasis on growth and development, family-centered care, and health promotion and maintenance. The book integrates research, clinical reasoning, and evidence-based practice to help readers make connections between classroom and clinical situations. This edition empowers students to move beyond rote memorization of facts. Clinical reasoning and problem-solving principles help readers develop their clinical judgment so that they can learn to apply information as nursing practice continues to develop. MyNursingLab for Principles of Pediatric Nursing is an online homework, tutorial, and assessment program that engages students in learning. It helps students move beyond memorization to true understanding through application resulting in better performance in the course and provides educators with a dynamic set of tools for gauging individual and...
