Brand New Book ***** Print on Demand *****.Amazing true story about American heroes who dared to challenge tyranny at every level. (Adventure, Philosophy, Intelligence) Ordinary citizens had the government running scared! With a background in International Business, Rex Freeman was recruited heavily by the C.I.A. to do work overseas under private cover . He endured a gruelling screening process which spanned nearly 8 months. When he was finally invited to the Langley headquarters to make the final step, he declined the offer. Being a man of strong principles he knew he wouldn't fit in any situation in which he'd have to sell his soul for nefarious black ops. It wasn't long before he had a run in with the I.R.S. which didn't suit him much. He uncovered fraud in the process and this led him to start studying the law. The more he studied, the more fraud, deception and misapplication of the law he uncovered and it wasn't long before he became a citizen advocate for natural rights and lawful government. Instead of working for the government as he nearly did, he was now attacking it head on and trying to put overzealous tyrants back in their proper place as servants to their masters, the people. Rex became very public with weekly seminars and public training exposing the corruption and then offering solutions on what people can do about it to protect themselves and hold tyrants accountable. This led to a radio show and that did it . He became a threat to business as usual by the status quo . The game was on and he became a target for persecution. The more government tried to...
